I offer a range of competitively priced packages tailored to suit every need. Whether you're looking for a full day experience or just a record of the biggest moments, I will work with you to ensure you get the film you are looking for.

From Bridal Prep to the First Dance, I will capture all those special moments so you can look back on them for years to come. A natural, candid videographer, I will help make your big day unforgettable!

## **MY ETHOS**

When it comes to your wedding film, my priority is ensuring that you get the film you want. A special, intimate film that you will look back on for years to come. I am a relaxed videographer that stays away from unnatural, heavily posed videos, preferring to focus on candid and unobtrusive shots. Importantly, this means you and your guests can enjoy the day, without worrying about a camera being stuck in your face! I know from experience the hard work that goes into choosing your suppliers, and how overwhelming it can all feel. This brochure breaks down my main packages and provides clear information on what each of my main packages entail. My aim is to provide you with clear and concise information that will help in finding the videographer that's right for you.

## PLATINUM PACKAGE\*

*A package designed to capture every aspect of your wedding day so you can relive all those special moments time and time again.*

- **1 x Videographer**

I will be your videographer on your big day! I use a range of shooting methods but during the ceremony and speeches I will have at least two cameras running.

- **Pre-wedding consultation**

Two weeks before your wedding we will have a meeting to discuss all the details. This gives us the opportunity to discuss the really important aspects of your wedding films – important family members and friends you definitely want filmed for example, or anything special happening during the day itself that might be a surprise for your guests that I need to be aware of. This helps me tailor the film specifically for you and ensure I am creating a film for you.

- **Bridal or Groom prep**

I will be with you two hours before your ceremony begins to capture you and the bridal/grooms party getting ready. This is fantastic way to build up to the ceremony and allows me to capture even more of your wedding day! It also means I can capture events like the first reveal and those special moments you'll share with your best friends and family.

- **Full day (incl. first dance)**

With the platinum package I will be with you from two hours before the ceremony, right up to the first dance. This is typically between eight and ten hours depending on when your ceremony starts. This means I get to capture your whole day, from the build up right through to the first dance!

- **Ceremony & speeches recorded in full**

Your ceremony and speeches will be recorded in full! Recorded on a static camera, this will offer an uninterrupted film of the biggest moments from your day that you can relive time and time again.

- **5 min highlight film**

You will receive a five minute highlight film which you'll be able to share with all your family and friends. It will also be social media friendly so you can easily share snippets from your big day with everyone!

- **20 min feature film**

The main event! A longer, detailed film from your big day, this film will cover all aspects of your wedding day and will capture all the big, and small, moments that you'll never want to forget!

- **USB sent to one address**

A USB containing your films will be sent to the address of your choosing. The feature film and highlight film will also be uploaded to YouTube. This means your films will be readily accessible, wherever you are, and allow easy sharing with family and friends!

*"I can't stop smiling. I am so over the moon  
...It's actually magical"*

## **GOLD PACKAGE\***

*A package designed to capture the best bits from your wedding day.*

- **1 x Videographer**

I will be your videographer on your big day! I use a range of shooting methods but during the ceremony and speeches I will have at least two cameras running.

- **Pre-wedding Consultation**

Two weeks before your wedding we will have a meeting to discuss all the details. This gives us the opportunity to discuss the really important aspects of your wedding films – important family members and friends you definitely want filmed for example, or anything special happening during the day itself that might be a surprise for your guests that I need to be aware of. This helps me tailor the film specifically for you and ensure I am creating a film for you.

- **Full day (incl. first dance)**

I will be filming from the start of the ceremony right through to the first dance! This is typically eight hours worth of filming and will include snippets from the ceremony and speeches!

- **15 min feature film**

You will receive a fifteen minute film showcasing the best moments from your big day. It will include highlights every part of your day and given your opportunity to relive the day time and time again.

- **USB sent to one address**

A USB containing your films will be sent to the address of your choosing. The feature film will also be uploaded to YouTube. This will make your films readily accessible wherever you are and allow easy sharing with family and friends!

*"They made me cry a thousand times  
... and gave me butterflies"*

## **SILVER PACKAGE\***

*A package designed to allow you to relive the big moments from your wedding day.*

- **1 x Videographer**

I will be your videographer on your big day!

- **Ceremony & speeches recorded in full**

The ceremony and speeches will be recorded in full. This will be from a static camera offering you an uninterrupted film of these special and important moments.

- **USB sent to one address**

A USB containing the film will be sent to the address of your choosing.

*"Communication was great  
...[You] captured so many beautiful moments"*

## **BESPOKE PACKAGE\***

Need something a little bit different? I can help build a package around you depending on your needs! Drop me an email and we can tailor build a package for you!

*\*Current prices are listed on my website. Bespoke packages will be independently priced.*

## FAQs

- ***What resolution do you film in?***

4K whenever possible.

- ***What about audio?***

I use a mixture of shotgun and lavalier/lapel mics.

- ***Do you use your own lighting?***

I do have mounted camera lights, however, these will be used at my discretion. Given my style of filming I do not like to use additional lighting unless absolutely necessary, as I find lighting can be distracting and obtrusive during important moments.

- ***Are you insured?***

I am fully covered through Public Liability Insurance.

- ***Do you use a drone?***

I currently do not offer drone footage for weddings. This is mainly because setting up and packing away drones takes time and, as I am a single videographer, this could lead to me missing far more important moments 'on the ground'.

- ***Do you travel for weddings?***

I do! Although I am based in Oxfordshire, I am happy to travel anywhere in the world subject to discussions!

- ***How does payment work?***

To secure my services I require a retainer fee which is 20% of the final package cost. The remaining balance would be due two weeks before your wedding day.

- ***How soon should I book you?***

To avoid disappointment I would advise getting in contact with me as soon as possible. I will always have a meeting with prospective couples before any decisions are made and you will then have first refusal on your wedding date should another couple reach out to me.
